In Radio Competition

Only Ten Days Till Finish

As will be seen from advertisement in this issue, the race of Forts and Strathmore, between the Standard and the Standard, is now in progress. The race is a Western Canadian radiothon, with a prevailing race up to 1000 miles. The second race is a day trip for 275 on the same machine, and the third prize is a Junior Canadian Radiothon with a range of 50 miles.

Monday show, there is a little difference in the standing of the various candidates in the competition that the race between the Standard and the Standard, and the third prize is a Junior Canadian Radiothon with a range of 50 miles.

There are special instructions to work during the next ten days. No subscriptions to the Standard are worth 500 votes each and renewals 150c, with two year and three years subscriptions doubling and tripling these values. Coupons from the cash register of the Radio Store also carry double value from now on.

The boys who are now enroute should make a supreme effort from now on. The only way to get these radiothons is to get out there and a steady voting of your friends from now on to the 20th will get them.

As the totals of the count held on Monday show, there is a little difference in the standing of the various candidates in the competition that the race between the Standard and the Standard, and the third prize is a Junior Canadian Radiothon with a range of 50 miles.

There are special instructions to work during the next ten days. No subscriptions to the Standard are worth 500 votes each and renewals 150c, with two year and three years subscriptions doubling and tripling these values. The boys who are now enroute should make a supreme effort from now on. The only way to get these radiothons is to get out there and a steady voting of your friends from now on to the 20th will get them.

Social at Cairnhill

A very enjoyable social evening was spent at Cairnhill School on New Year's night, when almost every resident of the district was present, the attendance being about seventy.

The company sat down to a turkey and chicken supper, after which time was spent on till an early hour on the morning. Songs were given during the course of the evening by Miss Mary Littlefield, Miss Isabel Macle, Clarence Mackie and Ed. Gilbert.

Annual Seed Fair

The fifteenth Annual Provincial Seed Fair will be held in Edmonton, January 16, 17, 18 and 19, and plans are being made to make this the most successful in the history of the Province. In addition to the usual seed fair, a gathering of seed growers and others interested will be held for the purpose of considering the formation of a Provincial Seed Growers' Organization.

Entries for the Seed Fair should be sent to the Crops Commissioner, Department of Agriculture, before January 10. During the Fair and Convention several prominent speakers will take part, including L. H. Newman, secretary of the Canadian Seed Growers Association, and T. H. Harrison, of the Field House, Branch of the Manitoba Agricultural College.

Both of these men will act as judges as well as speak at the convention.

Each entry for the fair is to be accompanied by a signed statement of membership of bodies which the exhibitor has for sale and the price per bushel. In the case of registered seeds, the same are to be accompanied by a copy of the registration certificate.

No exhibits, exhibited in other than professional classes, may be hand-picked but may be displayed through the fanning mill as often as desired. The exhibit, are to be clearly representative both in quality and purity of the quantity held for sale in the grower's bin.

Vancouver, B.C.—Five shipments of salmon eggs are moving forward to Japan from this port on almost every steamer, and it is learned here that the Japanese are making a high grade caviar and selling it to Russia. Recently the demand has been so keen it has been necessary to ship salmon eggs from the coast of British Columbia to keep the Japanese curing and preserving plants busy.

Calgary, Alta.—Approximately 250,000 bushels of wheat left Calgary on December 12, according to returns furnished by the local grain inspectors. This is the largest quantity of wheat that has ever gone forward in any one day in the history of the province via the coast city and Panama Canal to the United Kingdom and Continent.

A Rediculous Rumor

Much indignation has been aroused among the residents of a certain municipal district of Central Alberta by a rumour spread throughout the district by persons unknown. This rumour, which was absolutely devoid of the least shadow of truth, was to the effect that on the 1st day of January of whiskey and other intoxicants was to be "officially" opened to the district, and that its opening was to be marked by a large and noisy gathering of residents in the district and also of visitors from outside points. It was stated that the rumour was to be provided over by the local justice of the peace, who was to declare the still open and himself draw and drink the first glass of liquor, and that representatives of the forces of the law were also to attend and to give an unofficial blessing to this nefarious undertaking. A price list of the various blends to be supplied was verbally circulated and orders were solicited.

As the place named as the site of the still was the private residence of a life-long teetotaler holding strong prohibition views, the mischievous

underliness of the rumour is obvious. It might well have led to serious disturbances, for a flood of staff poured upon the unfortunate prohibitionists, with regard to his supposed change of opinion and, however, he received many calls from intending buyers demanding protesting resistance, who offered to regard his indignant denials of the scandalous surmise as a pleasant form of humor.

On the day named, parties arrived in large numbers and hilarious merriment, which was changed to bitter indignation when they received a guiding officer of weak tea, and an urgent request to betake themselves and their mythical still to a less severely cold climate than that of Alberta. It was not until matters had come perilously near to an outbreak of mob violence that they had been exposed, and the gathering resolved itself into an indignation meeting, which decided to have published immediately a denial of the facts as rumored, but without any mention of names or places such as would involve additional ridicule on all concerned. If the instigator of this disgraceful imposture is discovered, it is likely to go hard with him, for, unless the local sense of

CARSELAND NEWS IN BRIEF

The P. H. Club are arranging to have a dance in the school house on Jan'y 20th. Good music is promised. All should keep this date open.

Trs. Gale Field has had a serious operation in a Calgary Hospital. Late word is to the effect that she is getting along satisfactorily.

Edwards for the play which will be put on shortly are progressing.

Purchase of a lot owned by Mrs. Irlan Field has been completed. The sale who is the purchaser means opening a store to deal mainly in cereals as soon as he can have his building moved from London.

Mr. Nick Stewart of Bassano was a visitor over the new year. He has returned to Bassano he was in the train wreck near that point but fortunately got off with minor injuries.

There promises to be a hot or hot discussion at the annual meeting of the school trustees on Saturday. There will be a new trustee to be elected for Ferndale district. A proposal will be put forward to the ratepayers for the election of a new school to cost approximately \$7,000. Plans of a similar school which is to be erected at Monksberry will be available for inspection.

Sympathy will be extended to Ford Bros. who lost their home by fire a few days ago.

CARSELAND NOTES

Carsland U. F. A. Local held their first meeting for 1923 on Saturday afternoon, January 6th. The meeting was well attended and all who were there will surely not let it be said that the U. F. A. movement is dead or dying in our community. Much business was done during the meeting and some changes were made in our policies for the coming year. President F. Nash will ask some members to act as chairman during part of all of our meetings. It was unanimously decided to make the membership dues for 1923 \$2.00. We do not know how this will work out. But think we will be able to carry on. One of the most interesting features of our meeting was the talk by Bert Duffner. Why every farmer should belong to the U. F. A. is a talk that every farmer should hear, and we hope to hear it printed in the near future. Those talks by members should be featured in all of our regular meetings this winter. We hope in this and other ways to make it worth while for all who will attend our meetings, and to extend to all, whether members or not, honest invitations to attend our next meeting on January 20th at 2 p.m. when our president will give a report on the annual convention. C. C. Melody, Secretary.

NIGHTINGALE NOTES

Nightingale U. F. A. held their annual meeting on Saturday last and elected the following officers: Secy., J. L. Stanger; Treasurer, C. C. Melody; D. Walker. The next meeting will be held on Saturday, January 20, at 2 p.m.

MAQUERADE DANCE, Thursday, January 25th, under the auspices of Nightingale U. F. A. Prizes will be given for the best ladies' gowns and come costumes. Admission, 50c. \$1.00, ladies bring refreshments.

District Convention

A. U. F. A. and U. F. W. A. District Conventions were organized at Redford on Saturday last. Delegates were present from Ardena, Nightingale, Tadmire, Rosetown, Tubor, Standard, Roseland and Rosedale. The district will go by the name of Serviceberry and will consist of the above local and any new locals that may be formed in the district between Ardena and Rosedale. The meeting was opened by Mrs. Wynne, U. F. W. A. director, and Mr. Gohard was chosen for chairman of the meeting and Mrs. Wynne Secretary. A resolution was adopted and the following officers elected: President, W. A. Hilt; Vice President, Mrs. Wynne; Secretary, A. Miller. Each local will appoint one director. It is proposed to hold the meetings in different parts of the district. The next meeting of the district will be held on February 24, at 10 a.m. The various locals will be held in rotation and one delegate for each five paid up members. The meeting will be open to everyone, but voting will be restricted to the delegates.

Nightingale U. F. W. A. meeting, which was to have been held on Saturday next, at Mrs. Dell Anderson's, has been postponed owing to so many other functions coming off on that date, and will be held on the 27th.

A kitchen shaver was given on Monday evening at the Nightingale Hall, by Mr. and Mrs. John Putnam, who have recently married. The popularity of the young people was shown by the very large attendance, and the program was numerous and useful. Rev. Chappell presided over the watering, and made the presentation. Mr. Putnam on behalf of himself and wife, suitably thanked the donors. Dancing, etc., was carried on till a late hour.

The ice carnival will take place on Saturday next, when an exciting and amusing programme will be carried out.

Nightingale school district held their annual meeting on Monday last. Mr. J. Cameron, teacher, was elected president by acclamation in place of Mr. H. Hiltom, whose term of office had expired. The school opened on the 25th. The Valley garden school meeting will be held on Saturday next.

To Our --- Friends & Customers

We have decided to put our business on a cash basis. You no doubt already know the many advantages that accrue both to you as a buyer and us sellers.

We are remarking our goods at the very lowest prices possible and you can be assured that in buying here you will be getting the utmost of value for your money.

We will continue to keep only the best quality goods, and will also continue to maintain our well-known policy of complete satisfaction to each and every customer.

We will continue to extend monthly credits to approved accounts and in future these accounts will run to the 28th of each month payment to be made before the 10th of the month following, failure to carry out this would mean that account automatically closes until account of previous month has been paid.

We know you will agree with us in this policy and solicit your business and support, as you have favored us with during our twelve years in business in Strathmore.

Thanking you for past favors we are yours sincerely,

Strathmore Trading Company, Ltd.

Big Freight Movement on Can. National Lines

Despite the necessity of operating under the handicap of a reduced supply of freight cars brought about by a steady absorption of Canadian cars by United States lines, the Canadian National Railways are completing the heavy autumn traffic season with record handling in grain, live stock, coal, lumber, pulp and paper—practically all of the basic products of Canada.

Since the first of September, when the big prairie grain crop began to be moved to market, and when the coal miners in both Canada and the United States resumed work in the mines after a prolonged strike, the "National" lines have been called upon to handle a tremendous tonnage of live stock, paper, pulp and lumber as well.

In the handling of the products of the pulp, paper and lumber mills some shortage of freight cars developed as a result of conditions in the United States. An unprecedented volume of traffic, coupled with a shortage of freight cars to handle it, prevailed on United States lines so they could not furnish their due share of cars for the international traffic originated in Canada.

The chief market for the Canadian pulp, paper and lumber supplies is in the U.S.A. The Canadian National was well aware that the movement of its equipment to U.S. would result in temporary loss of such cars, but since, on the other hand, the withholding of cars from this international traffic would have resulted in the probable closing down of, and financial hardship to the Canadian paper pulp and lumber industries, the C.N.R. personnel protected these Canadian industries to the utmost of its ability, and the large number of cars were loaded that moved south. Absorption followed, as had been expected. The National Lines made a bold and persistent effort with the help of the United States lines, and with the American Railway Association to secure return of the cars with all promptness but the abnormal conditions prevailed. Efforts of the organization, officers and employees were bent the more strenuously to the task of meeting the local demands.

GRAIN PRICES

January 8, 1923

The following grain prices are for grain by wagon-load at Strathmore, net truck prices, and for information to the public only. Figures are kind by supplied by Mr. T. H. Eves, of the Indian Head Elevator.

FASCINATING STORIES

Two fascinating stories of adventure and romance will commence this month in the Family Herald and Weekly Star of Montreal. "The King's Arrow," by H. A. Cody, takes one back to stirring times in the picturesque days of the Aradians and the United Empire Loyalists. "The Yellow Fever," by Thompson Cross, is a thrilling tale of adventure in the Far East. These two stories alone are worth double the subscription price of The Family Herald and Weekly Star of Montreal for a full year. Subscriptions sent in immediately will catch the opening installments.

Vancouver, B.C. More than 20,000 tons of wheat were loaded at the Canadian Pacific elevator during November. It is believed the elevator will be able to handle the 10,000 tons that are expected to go through the chute during December. Bookings are picking up again, and it is believed, to increase confidence among shippers that the elevator and the steamship line will be able to comfortably handle 10,000 tons per month.
